Get a production-ready application structure or clear strategy in 7 days

fast-growing startups and scaling enterprises

At most 3 projects/quarter; next open: Q4 2026

Web applications - Production web apps that ship, scale, and stay maintainable: dashboards, portals, commerce, internal platforms.

Mobile applications - iOS and Android apps from one codebase where it fits, native where it counts, with analytics wired in from day one.

Internal software systems - The systems that run a company: operations tooling, automation, integrations, and the data layer underneath them.

Dedicated Senior Team: From \$15,000 / month; Minimum 3 months commitment

Fixed-Scope Delivery: From \$25,000 per project; Typically 6 to 12 weeks
